MT5005

Rfiver Heavy-Duty Mobile TV Stand with Durable AV Storage Shelf

Rfiver

DESCRIPTION

Introducing the Mobile TV Cart MT5005—a heavy-duty and versatile solution designed to accommodate large-screen televisions, providing mobility and stability for various settings.

FEATURES

Universal Compatibility: Supports most 65" to 120" LCD, LED, and OLED flat or curved screen TVs with VESA patterns ranging from 100x100mm to 1000x600mm, making it suitable for brands such as Samsung, Sharp, Sony, Toshiba, LG, Panasonic, Philips, TCL, Vizio, and JVC.

Robust Construction: Constructed from heavy-gauge steel with solid welds, this cart features a wide base and sturdy columns, supporting TVs up to 310 lbs (140 kg), ensuring durability and stability.

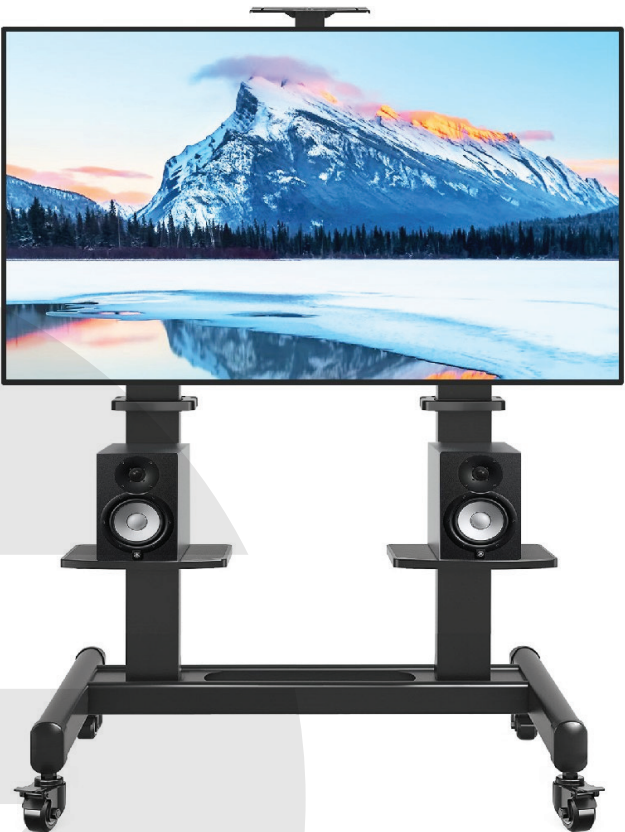

Smooth Mobility: Equipped with upgraded 360° swivel wheels that roll smoothly and can be locked in place to prevent unwanted movement, providing stability during use in various environments like offices, schools, airports, shopping malls, conference rooms, trade shows, and hotels.

Adjustable AV Shelf: Includes a height-adjustable shelf capable of holding components such as modems, routers, DVRs, PCs, or gaming consoles, with a load capacity of up to 33 lbs (15 kg), offering convenient storage solutions.

Height Adjustability: The TV mount height is adjustable between 1730mm to 2372mm, allowing for optimal viewing angles to suit different settings and preferences.

Cable Management: Integrated cable management system keeps wires organized and out of sight, maintaining a clean and professional appearance.

Easy Assembly: Comes with all necessary parts individually wrapped and labeled, along with clear instructions for straightforward assembly, ensuring a hassle-free setup experience.
