

Doing it Right!

MT7001

Rfiver Stable Mobile TV Stand with Excellent Storage Performance

DESCRIPTION

Introducing the Mobile TV Cart MT7001 a versatile and robust solution for displaying your television in various settings. Designed to accommodate 40" to 86" LCD, LED, and OLED flat or curved screen TVs, this mobile cart offers both mobility and stability, making it ideal for offices, schools, airports, shopping malls, conference rooms, trade shows, hotels, and more.

FEATURES

Universal Compatibility: Supports VESA mounting patterns from 100x100mm to 600x400mm, ensuring compatibility with most TV brands, including Samsung, Sharp, Sony, Toshiba, LG, Panasonic, Philips, TCL, Vizio, and JVC.

Heavy-Duty Construction: Crafted from heavy-gauge steel with solid welds, the stand boasts a wide base and sturdy columns, supporting TVs up to 150 lbs (68 kg).

Smooth Mobility: Equipped with upgraded 360° swivel casters that roll smoothly and can be locked in place to prevent unwanted movement, ensuring stability during use.

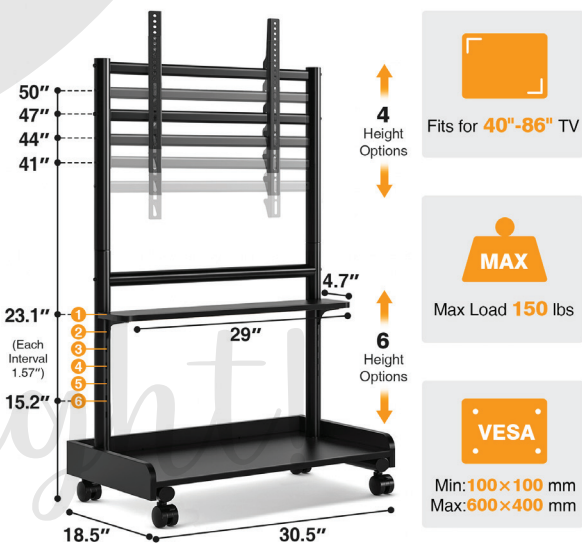

Adjustable AV Shelf: Features a height-adjustable shelf capable of holding components such as modems, routers, DVRs, PCs, or gaming consoles, with a load capacity of up to 66 lbs (30 kg).

Height Adjustability: The TV mount height is adjustable between 1295mm to 1520mm, allowing for optimal viewing angles.

Cable Management: Integrated cable management system keeps wires organized and out of sight, maintaining a clean and professional appearance.

Easy Assembly: Comes with all necessary parts individually wrapped and labeled, along with clear instructions for straightforward assembly.
