TV COMPATIBILITY:

- **Manual 360° Rotation:** Effortlessly rotate your screen completely around by hand for the perfect viewing angle in any environment.
- **Broad Screen Compatibility:** Designed to securely fit a single 32-inch to 65-inch display, with full support for curved monitors.
Heavy-Duty Capacity: Constructed from high-quality cold-rolled steel that safely supports monitors weighing up to 65kg.
- **Universal VESA Mounting:** Features a maximum VESA of 400x400, ensuring compatibility with 200x200, 300x300, 400x200, and 400x400 hole patterns.
- **Integrated Cable Management:** Built-in 50mm cable diameter routing keeps your wires organized and your setup looking clean.
- **Premium Finish:** Coated in a durable, scratch-resistant matte black powder finish. **Sturdy Dimensions:** Stands at a fixed height of 60cm, anchored by a solid base measuring 530x350x40mm for absolute stability.
