14"-40" MOBILE MONITOR STAND WITH TRAY

DESCRIPTION

This versatile monitor stand is constructed from steel and plastic, featuring wheels for easy mobility. It supports screen sizes from 14" to 40" with a maximum weight capacity of 12kg (26.4lbs). The stand offers a range of movement types, including swivel, tilt, rotation, and height adjustment, with stepless height adjustment from 600mm to 1250mm (23.6" to 49.2"). It is VESA compatible with patterns ranging from 75x75mm to 200x200mm. The stand allows for a swivel angle of $\pm 70^\circ$, a tilt angle of $\pm 35^\circ$, and a rotation of $\pm 180^\circ$. Additional features include a metal tray for storage (197x205mm) and a sturdy metal round base with a diameter of 400mm.
