

Doing it Right!

TF-MFS120

TV Lift cabinet base

BEETEC[®]

DESCRIPTION

This motorized TV cart is designed for versatility and convenience, accommodating most 55" to 100" TVs. Engineered with robust aluminum, steel, and plastic construction, it offers a sleek matte black and white finish that blends seamlessly into any environment. The cart's design includes an adjustable height feature, providing a range of 920mm to 1600mm (36.4" to 63") to ensure optimal viewing angles, whether in a professional setting or a home theater.

FEATURES

Includes a 2 Memory RF Remote Control for easy adjustment of the TV height. Available in matte black and matte white finishes.
